GENERAL INFORMATION AND REGISTRATION PROCEDURES FOR ECAs

Non fee-paying activities: These activities are offered for **one semester** (September to February break). If you wish to continue after Semester 1, you will need to register again for Semester 2. Although these activities are offered without fee, it is expected that the children commit to the activity and must be present for each class. After three unjustified absences students will be removed from the activity list and parents will be informed.

Fee-paying activities: The fee-paying activities are **year-long** sign-ups. They are a commitment for the whole year (September to June). Your child will automatically be registered for the activity in Semester 2. *These activities must be paid for by the end of September.* The payment information will be sent to you in a separate email after the ECA lists are published.

All registrations must be completed online before **Sunday, September 4, 2016, at 20:00**. Any request after this date will not be taken into account. Please select the activities your children are interested in on the online form. Please remember that pre-school and primary aged children should not have more than three extended curriculum activities per week as they need time to rest and have unstructured playtime. Secondary School students will be able to choose up to five activities per week.

Please also remember that registering for an activity **does not guarantee** a place in any of the activities.

Important registration dates:

Online registration begins	All registrations must be complete before 20h.	ECAs lists sent by email	ECAs begin
August 31, 2016	September 4, 2016	Primary: September 7, 2016 Secondary: September 14, 2016	Primary: September 12, 2016. <i>Primary School Homework club and Play club: September 5, 2016.</i> Secondary: October 3, 2016 <i>(Some activities will start sooner. Please check the secondary ECA section)</i>

Contact information:

- ✓ If you have any questions regarding general ECA organization, please contact the ISP PLUS Manager, Ms Nina Wilson-Bury, at nwilson@isparis.edu.
- ✓ If you have any question about ECA competitive and non-competitive sports, please contact Hugo Sintra (hsintra@isparis.edu) in the Primary School or Bertrand Mouscardes (bmouscardes@isparis.edu) in the Secondary School.

PRIMARY SCHOOL EXTENDED CURRICULAR ACTIVITIES (ECAs)

In the Primary School, we offer a wide selection of ECAs to ISP students K to G5. The students can select up to three different activities per week. We believe that at a Primary level, the children need the opportunity to participate in structured group activities but also need free time in the week for playdates and resting.

Please note that registering for an activity does not guarantee a place but we will do our best to grant your requests although some may not be accepted due to a high demand for certain activities.

Activities will end at 17:00 or 17:30. Please make sure you are on time to collect your children. This information is available in each activity description.

If you have some children finishing at 17:00 and others at 17:30, you can register them to Option 4 of the Play Club (N to G1) or Homework Club (G2 to G5) in order to collect them all at the same time.

The children will be dismissed from the Ranelagh 96 gates 1 and 2. Please wait for your children outside the gate and your children will come out to meet you.

Play club and Homework club

Previously known as Primary Plus, these two clubs offer a day care option for parents unable to pick up their children after school on days they don't have ECAs. We offer four different options:

- Option 1: **One-day attendance**. The children can attend one day per week. You will have to select the day of the week upon registration. This service will cost 190 Euros for Semester 1.
- Option 2: **Two-day** attendance. The children can attend two days per week. You will have to select the days of the week upon registration. This service will cost 395 Euros for Semester 1.
- Option 3: **Unlimited** attendance. The children can attend any day of the week and will automatically attend in case of last minute ECA cancellation. This service will cost 500 Euros for Semester 1.
- Option 4: **After ECA** attendance. If you have children in ECAs finishing at different times on certain days, this option will allow you to pick them all up at the same time. This service will cost 150 Euros for Semester 1.

These two clubs run every day, Monday through Friday, from 15:45 (15:30 for Nursery and Pre-K) to 17:30.

This service will begin Monday, September 5, 2016.

To register, please fill out the form on the [ECA sign up page](#). Please note that the payment must be made before the first day of attendance.

Personal, Social & Physical Education

The purpose of physical activities should be more than just student participation in sports and games. They should help expand a combination of transferable skills promoting physical, intellectual, emotional and social development. Students of all abilities will be challenged to improve their movement skills, but they will also be supported and encouraged to enjoy physical activity and see it as a part of a healthy and active lifestyle.

Here are the different sports activities offered in the Primary School:

Day	Sport	Type	Grades	Facility	Time
Monday	Basketball	Competitive	3-5	Coubertin	15:45-17:30
	Dance	Leisure	3-5	Suchet	15:45-17:30

	Swimming	Competitive	4-5	Piscine d'Auteuil	15:45-17:30

- **Competitive Sports**

CUBS (Primary):

Currently, in the Primary School, we have four competitive sports teams: swimming, basketball, hockey and soccer. All Primary School teams will have try-outs to select the squads for all three teams. Try-outs are a necessity to ensure the safety of the students.

Children can sign-up for a maximum of two competitive teams. Being part of the team will imply commitment to all trainings and games (after school or during the weekend). There will be a participation fee of 150 Euros for each team which will include a kit for each player.

Try-outs criteria:

	Swimming	Soccer	Basketball	Hockey
Skills	<ul style="list-style-type: none"> • Swim three different strokes showing correct swimming technique. • Swim 25 meters in 26 secs or less (Grade 5) or 28 secs or less (Grade 4). • Be able to dive in head first. 	<ul style="list-style-type: none"> • Basic football skills; dribbling, kicking, passing, throwing and ball control. • Positioning; awareness of one's place on the field and in relation to others. 	<ul style="list-style-type: none"> • Basic basketball skills; dribbling, throwing, passing shooting and ball-handling. • Positioning; awareness of one's place on the court and in relation to others. 	<ul style="list-style-type: none"> • Basic hockey skills; passing and controlling the ball, dribbling and shooting. • Positioning; awareness of one's place on the field and in relation to others.
Teamwork	<ul style="list-style-type: none"> • Sportsmanship • Ability to work well with others 			
Attitudes	<ul style="list-style-type: none"> • Self-motivation • Commitment to the development of oneself and the team • Willing to take the initiative and assume responsibility 			

Team	Day	Try-out date	Grades	Facility	Time	Max. no. students
Basketball	Monday	12/09/2016	3-5	Coubertin	15:45-17:30	25
Boys Soccer	Tuesday	13/09/2016	3-5	La Muette	15:45-17:30	25
Girls Soccer	Tuesday	13/09/2016	3-5	La Muette	15:45-17:30	15

Swimming	Friday	16/09/2016	4-5	Auteuil	15:45-17:30	12
Hockey	Thursday	15/09/2016	3-5	Auteuil	15:45-17:30	25

For more information, please contact the Primary School Sports Director, Hugo Sintra, at hsintra@isparis.edu.

- **Non-competitive sports**

For more information, please contact the Primary School Sports Director, Hugo Sintra, at hsintra@isparis.edu.

Arts

Arts are a powerful mode of communication. They provide students with a wide range of opportunities and means to respond to their experiences and engage with historical, social and cultural perspectives. The students will be stimulated to think and to articulate their thoughts in new ways, and through a variety of media and technologies. Learning about and through arts is fundamental to the development of the whole child, promoting creativity, critical thinking, problem-solving skills and social interactions.

- **Primary Performing Arts (G4/5)**

The Primary School Performing Arts has been a tradition in our school for many years and it is back this year!

The children engage themselves in a school production that will be presented to the ISP community at the Salle Adyar theater early February. They will be presenting 'Emile and the detective', in a version adapted to young actors.

Rehearsals should take place mostly on Wednesdays but children must be available on Saturdays as well, as additional rehearsals may be planned when approaching the final presentations.

If your child would like to take part in this adventure, please sign them up. Further information will be communicated in due time concerning the production. We hope to have many students join this exciting adventure!

For more information, please contact the Performing Arts Director, Susie Shreeve, at sshreeve@isparis.edu who has also been directing the amazing Secondary School plays.

- **American Conservatory of Paris** offers private music classes. [More information here.](#)

SECONDARY SCHOOL EXTENDED CURRICULAR ACTIVITIES (ECAs)

In the Secondary School, we offer a wide range of activities to students G6 to G12. Students can register themselves using the registration link sent by email. We recommend that students select a maximum of five ECAs to allow time for doing personal work and having some free time. Please use the online form and registrations will function on a first come, first served system. The final ECA lists will be sent to the parents and students on Wednesday, September 14, 2016.

As we are trialing a new registration system to reduce the amount of information being sent to families and make the ECA procedures coherent between the Primary and Secondary Schools, please be aware that some changes may occur in the Secondary timetable. We will keep you informed of any changes and thank you for your support and understanding in the process and hope that you will quickly see the benefits in the changes we are making.

Please remember that we expect the students to attend the ECAs they have committed to. The attendance will be recorded each week. If they wish to change, add or cancel an activity, they will need to send their request to the ISP PLUS Manager, Ms Nina Wilson-Bury at nwilson@isparis.edu. The changes will become effective, when possible, after confirmation by email.

Students will not be allowed to attend an activity if their name is not on the list, unless they have permission from the ISP PLUS Manager.

Study club

In this club, students will have the opportunity to do their homework in presence of a support teacher who will be there to guide and help them with any task they need assistance with.

Study club will be available every day at lunch and after school (except on Thursdays).

Students must sign up for this club on the [ECA sign up page](#). Students not registered on the lists will not be allowed to attend.

Student Council

The student council will meet every Monday at lunch time. The school will be holding Student Council elections at the start of the year and representatives will be elected by their peers in each grade.

Personal, Social & Physical Education

The purpose of physical activities should be more than just student participation in sports and games. They should help expand a combination of transferable skills promoting physical, intellectual, emotional and social development. Students of all abilities will be challenged to improve their movement skills, but they will also be supported and encouraged to enjoy physical activity and see it as a part of a healthy and active lifestyle.

Here are the different sports activities offered in the Secondary School:

Day	Sport	Type	Grades	Facility	Time
Monday	Running club	Leisure	6-12	Beethoven	12:15-13:15

Arts

Arts are a powerful mode of communication. They provide students with a wide range of opportunities and means to respond to their experiences and engage with historical, social and cultural perspectives. The students will be stimulated to think and to articulate their thoughts in new ways, and through a variety of media and technologies. Learning about and through arts is fundamental to the development of the whole child, promoting creativity, critical thinking, problem-solving skills and social interactions.

- **Primary Performing Arts (G9 to G12) – Alice in Wonderland**

The children engage themselves in a school production that will be presented to the ISP community at the Salle Adyar Theater in December. This year, they will be presenting a version of ‘Alice in Wonderland’.

Rehearsals will take place on Mondays, Tuesdays and Thursdays after school but children must be available on the following Saturdays for additional rehearsals: November 12/19/26 and a dress rehearsal on 3/12, from 10:00 to 17:00.

If your child would like to take part in this adventure, please sign them up. Further information will be communicated in due time concerning the production. We hope to have many students join this exciting adventure!

Auditions will take place on Monday 5 and Tuesday 6 September and rehearsals will begin Monday 12 September.

For more information, please contact the Performing Arts Director, Susie Shreeve, at sshreeve@isparis.edu.

- **American Conservatory of Paris** offers private music classes. [More information here.](#)

ECA ACTIVITY DESCRIPTION

<p>Amnesty International</p>	<p>Amnesty International is a non-profit organization that defends people whose human rights have been denied. As an extended curriculum activity, students in Grades 9-12 will have the chance to explore and try out the successful methods of this internationally-renowned organization. We will compare the methods of Amnesty International to those of other non-profit organizations that champion human rights and find a way to make a difference ourselves, as a group of concerned young citizens. Students will not be coerced into supporting one side of any political issue, and they will not be forced to officially join Amnesty International or to contribute anything financially. The politics and views of Amnesty International will be examined as objectively as possible in the context of a discussion about how this one group aims to help those in needs. Students will be encouraged to stand up and speak out in defense of their own beliefs and on behalf of those who have no voice and are unfairly persecuted for their religion, race, sexuality or political beliefs. An emphasis will be made on finding the delicate balance between successfully gaining support for a cause, while respecting others' views, and the only doctrine championed will be a belief in the fundamental right of all people to dignity and decent treatment by others.</p>
<p>American Conservatory of Paris</p>	<p>The American Conservatory of Paris is a school of music in English, available to you as a part of ISP's after school program. Our dedicated and experienced faculty has studied internationally at some of the best schools in France, UK and the USA. They strive to foster a love and understanding of music in their students and encourage individual excellence and teamwork. At The American Conservatory of Paris, we believe that music is made to be shared. Therefore, we offer all of our voice/instrumental students, performance opportunities in prestigious Parisian concert halls. These recitals offer students the occasion to perform in a formal, yet non-threatening setting for their family, friends and peers. The American Conservatory of Paris offers private lessons for the following instruments: Piano, violin, viola, cello, guitar, flute, oboe, clarinet, saxophone, bassoon, trumpet, trombone, drums, harp and voice. All applications will be handled in the order they are received, there are a limited number of spaces.</p> <p>Sign-ups must be done directly with the Conservatory. Sign up forms are available online at www.americanconservatoryofparis.com under Sign Up Now - 'at ISP'. For any questions or for further information please do not hesitate to contact us at admissions@americanconservatoryofparis.com, through the contact page of our website or by phone at 01 82 09 57 35.</p>
<p>Art Projects Club</p>	<p>During the first semester, Grade 4 & 5 students will help with props and costumes for the school production of Emile and the Detective which will be presented in the Salle Adyar end of January.</p>

Ball Games	The young children will work on their hand eye and foot eye coordination skills through a series of different games. They will learn basic skills that will help them with all sports later on and learn to work cooperatively.
Bijoux et modelage	Come join Carole Saint Germes, a renowned jewelry designer and artist. The students will discover the amazing adventure of creating jewelry and other multi-dimensional artwork while they manipulate a wide range of materials and explore different styles.
Brain Games	Come join Marianne for challenging strategy and logic games. The children will stimulate their minds, improve their thought processes, enhance their logical capabilities and have fun. Together, they will learn how to play a number of board games, card games and other games which will encourage logical thinking, thinking outside the box and much more.
Broadway Club	<p>With many years of experience on the Broadway scene in NYC, Michael comes to offer a new Broadway class where students will explore singing and dancing Broadway style! Come join this fun experience!</p> <p><i>*The price indicated is for a minimum attendance of 14 students. This price may vary depending on the number of participants.</i></p>
Capoeira	Capoeira is a dance form incorporating martial arts elements, originating in Brazil as a system of physical discipline and movement. Capoeira is a very efficient tool in child's development. Capoeira helps develop balance, coordination, general level of fitness and flexibility, sense of rhythm and awareness of your own body. The musical aspect of Capoeira helps kids feel more comfortable and more willing to exercise. Training Capoeira also builds self-esteem and helps the child to develop a sense of identity as an individual, as a member of a nurturing community and as a member of global society.
Chamber Strings	String Ensemble provides an opportunity for all bowed string instrument students to be a part of a string ensemble. It is appropriate for those who have recently moved to the school or who may only have moderate experience on their instrument and who are currently having tuition of their instrument, or are in the process of finding a string teacher with whom to continue. Music reading, ensemble etiquette, understanding the role of the conductor, and the importance of developing an awareness of the rest of the ensemble are important focuses of this group. This club is only accessible by invitation from Ms Cuneo.
Choir	Come and rehearse once a week for regular concerts and projects. There will be various school events throughout the year. This activity will take place all year long. This group is also designed to assist students who can not necessarily read music, but enjoy performing and music to develop their aural and rhythmic awareness.

Clay Club

Come and get your hands stuck into clay! Clay club is a creative introduction to many ceramic techniques. You can try making coil and pinch pots, tiles, and slab constructions, press mold dishes, sculptures and there maybe even a chance to try the potter's wheel.

Creative Writing	Students will undertake creative writing activities on a variety of media and materials.
Dance (hip/afro)	From Hip hop to Afro to Ragga and many more, the children will discover a new world of dance where the rhythm never stops. They will discover choreographies from different dance styles and present a show in a Parisian theater at the end of the school year.
Eco-école	Eco-School (Eco-école) is an international program that started in Denmark in 1994 by the Foundation for Environmental Education. Students become leaders in both their school and the wider community by creating projects in sustainable development designed around themes such as Recycling, Water, Energy, Local Food, Pollution, and Community Commitment. Come and join us!
English Conversation	Bring your lunch and join us for fun and games while practicing your English!
Fitness/Conditioning	Fitness/Conditioning is opened to Grades 9-12. We will learn basic techniques of self-defence combining various techniques from different countries and styles such as Krav Maga, Ju jitsu, Judo, Tai Chi, Boxing. Those are mixed with cardio and strength exercises.
French Club	If you want to improve your conversational skills based on every day topics and short films, feel free to join this friendly club. By attending this club on a weekly basis, not only will you make new friends but you will gain confidence at speaking and some basic grammar rules will then become much clearer. Allez ! A toi de jouer !
Guitar for Beginners	<p>A group for absolute beginners to learn some fundamentals about the guitar, skills that one can expect to acquire are:</p> <ul style="list-style-type: none"> - The ability to play basic chords and scales; - Learning to play as part of a group and recognizing the importance of each member of the group; - Recognizing the necessity and acquiring the skill of practicing regularly; - A small repertoire of pop/rock songs; - Basic music Theory; - Learning to read basic notes and putting them onto the guitar.

<p>Guitar for Intermediates</p>	<p>A group for guitarists with some prior experience to further their knowledge of the guitar, skills that one can expect to acquire are The ability to play more complex chords and scales; More advanced music theory; Recognizing the necessity and acquiring the skill of practicing regularly; Furthering ones skills of playing in a group environment; A more advanced repertoire of pop/rock/blues songs; Furthering one's ability to read music and putting this onto the guitar.</p>
<p>Gym au sol</p>	<p>The children will learn the basics of floor gymnastics. They will develop their balance and work on basic tumbling passes.</p>
<p>History Competition</p>	<p>Like history, good at quizzes, fast reactions come along to history club every Wednesday relaxed atmosphere with the chance to visit historical sites and take part in international quizzes. Students then compete against other teams from around France and across Europe in the International History Bee and Bowl. Our team has qualified for the championships every year since its inauguration.</p>
<p>Hooping and Jumping</p>	<p>In 'Hooping and Jumping', students can practice jump rope (individually and groups; double Dutch, depending on numbers) and hula hooping in a relaxed and fun atmosphere.</p>
<p>ICT Tech Team & Podcast</p>	<p>Come join Ms Ling and Ms Charara afterschool to become ICT experts and part of the ISP Primary Podcast team. Our very own ISP Radio station was created last year and we are looking for more talented journalists!</p>
<p>Judo</p>	<p>Judo develops self-discipline and respect for oneself and others. It provides the means for learning self-confidence, concentration, and leadership skills, as well as physical coordination, power and flexibility. As a sport that has evolved from a fighting art, it develops complete body control, fine balance, and fast mental and physical reflexes.</p>
<p>Latin</p>	<p>Some suggest that learning Latin makes it easier to study and learn new languages. This is true. Others talk about the benefits that it gives when studying modern literature, which has its roots in the works of Cicero, Pliny, Vergil and Horace. And this is also, absolutely, true.</p> <p>Some people just want to finally understand what on earth Harry potter is talking about in all his spells. And you will, finally, know the truth of this too.</p> <p>Whatever your reasons, pop along to Latin Lessons on Thursdays and discover the unsuspected joys of learning Latin!</p>

<p>Lego</p>	<p>The children will explore building techniques and an introduction to mechanical and architectural principles: Motors and gears, construction, machines, concepts like friction and energy, design and architecture, and lots of LEGO fun. For example, anything from a merry-go-round to a scale bedroom. Each week the students discover a different project. They work individually and/or in groups to create the project then test, modify and play with it.</p>
<p>Let's sing</p>	<p>Love singing?! Come join this fun world choir where you will sing songs from pop to gospel to jazz in a rhythmic and fun environment. The choir will take part in a show in a Parisian theater at the end of the school year.</p>
<p>Life Drawing</p>	<p>Life drawing classes are offered to Grades 11 and 12 students. In the classes students will study a variety of different drawing, painting and sculpture techniques working directly from the model. Life drawing is probably the best way for students to improve their technical art skills. Parental permission is required for this ECA.</p>
<p>Mini-Makers</p>	<p>The children will discover the world of computer coding. They will learn to create their own digital universes by using their imagination and the coding skills they will learn throughout the year. They will begin to create their own video games and learn to work with connected objects.</p>
<p>Model United Nations</p>	<p>In Model United Nations, students simulate the work done by the United Nations and aim to be a model of international mindedness and compromise. This activity offers students an opportunity to develop their reading, researching and presenting skills in English and introduces students to the world of diplomacy and negotiation. ISP takes part in various conferences in France and abroad every year.</p>
<p>Move your body</p>	<p>Want your little one to get that extra energy out in a fun and stimulating environment?! Move your body is the place to be. Fun dance classes will introduce them to the basics of dance and help them develop their balance and rhythm while moving to music from around the world. They will present a show in a Parisian theatre at the end of the year.</p>
<p>Philosophy & Films</p>	<p>Have you ever wondered if the world is really there or if you're the only real person? Ever wondered what it's all made of, where it all came from, where it's all going? Any or none of these might be answered definitively, diffidently or indifferently, in the ISP Philosophy, Film and TV Club. So, forget lunch (or alternatively bring some along), and tuck into some food for thought.</p>

<p>Playground Games</p>	<p>The children will explore a variety of games and sports to help develop the fine and gross motor skills. They will develop sportsmanship, fair play, cooperation, teamwork, self-control, courage, discipline and respect and will develop team effort and unity during games.</p>
<p>Primary News - The Voice</p>	<p>If you have a passion for writing and you want to share it with the ISP community, come and join our group of young and passionate journalists, reporters, photographers and graphic designers. We are working together to publish a newspaper about us and dedicated to our community at ISP Ranelagh. Your Voice will be heard and shared.</p>
<p>Puppets</p>	<p>Discover Niva's magical puppets. The children will be inspired to speak French through storytelling. They will develop their vocabulary and their imagination as they discover the magical world of Niva's hand crafted puppets.</p>
<p>Rock U</p>	<p>Rock U. is a performance-based rock band program for kids that is as rewarding as it is fun! Rock U. is not meant as a substitute for music lessons, but works best as a supplement to other musical instruction. While participants will certainly pick up some tips and tricks, the focus of the Rock U. experience is on learning to play together as a band and putting on a live performance, not on individual technique. The primary instruments in the Rock U. program are voice, guitar, bass, drums, keyboards and percussion, but any instrument that can be played onstage in front of an audience has the potential to become part of the Rock U. ensemble. Previous Rock U. bands have featured flute, ukulele, violin and harmonica in addition to the instruments above. All skill levels are welcome, and parts will be assigned in such a way that all can participate.</p> <p>Being in a rock band isn't just about playing the notes and the beats. It's about responsibility, confidence, teamwork, trust, and the thrill of creating something with others that you could never create by yourself. We'll rock out for sure, but more importantly we'll learn how to make music together as a band in a supportive, fun environment. Every Rock U. session will include live performances for real audiences.</p> <p>Rock U. at Ranelagh participants will perform in at least two concerts organized for a general audience of family and friends, with additional performance opportunities throughout the year as they arise. Previous Rock U. groups have performed at the Paris Famillathlon, the Fête de la Musique and at fundraisers for charitable organizations in Paris.</p>
<p>Running Club</p>	<p>Come for a jog outside every Monday lunch time with Ms Froydenlund. Get ready with your trainers, t-shirt and water.</p>

<p>Secondary News – The Grapevine</p>	<p>“I heard it through The Grapevine!” We are looking for student editors, journalists, and photographers to put forward the voice of ISP students, and to write articles on fashion, film, current affairs and gossip. Come along one lunch time a week to discuss ideas, and to submit and edit articles. See your work (and name) in print!</p>
<p>Sports Club</p>	<p>The club is for children wishing to participate in non-competitive sports. They will learn playground games and practice their athletic skills. They will also develop attitudes such as cooperation, integrity and respect.</p>
<p>Stage Band</p>	<p>This group will only be available to selected students from an audition, and is intended as an elite performance Jazz ensemble. This group would also involve: Concert practice in preparation for the performance component of the IB diploma Students will liaise primarily with Ms Cuneo.</p>
<p>Students Teach Team</p>	<p>The Student Tech Team plays an important role in the school where members support their peers and their teachers in discovering new apps to use in the classroom and by being a support system. Students will have the opportunity to become more active and involved in their education. "The Student Tech Team is a great way to learn and help. Being a part of Student Tech Team helps us use knowledge for education and school purposes and spread it across the students' and teachers' community. “- Amelia Vaaranmaa and Sunniva Nyhamar (STT members).</p>
<p>Sustainable Development Project</p>	<p>Raise money for the project with bake sales/ babysitting, and other various events. - Organize the gala - Prepare the trip - Learn how to organize a sustainable development project from A to Z - See all aspects of the project: money, organization, etc. - Become independent - Work together - Live 3 weeks in a developing country in Africa.</p>
<p>Touch Rugby</p>	<p>Playing for fun or meeting some other schools, come and play every Friday from 16:30 to 18:30 at Emile Antoine You will learn many drills and techniques to gain confidence in basic skills and to enjoy matches with Mr Morrist.</p>
<p>Tennis</p>	<p>Students will be taken to the lovely Ile de Puteaux for proper tennis lessons.</p>

<p>Theater & Improvisation</p>	<p>Through theater and improvisation games, students will discover the basics of acting and gain self-confidence and improved oral expression. They will perform a short play at the Theatre de la Clarté at the end of the year.</p>
<p>Theater in French</p>	<p>The Theatre de la Clarté is a small theater company in Boulogne-Billancourt. They have developed an amazing pedagogy around theater arts and the acquisition of the French language. They will be offering a workshop from January to June for students from G1 to G5. The students will develop their imagination and use French in a creative environment.</p> <p>At the end of the year, the children will invite their families to a play that will be held at the theater in Boulogne. The play will be written by the theater company to perfectly fit the talent and language proficiency of each child, while ensuring they are all challenged.</p>
<p>Tiny-Makers</p>	<p>The children will discover the world of computer coding. They will learn to create their own digital universes by using their imagination and the coding skills they will learn throughout the year.</p>
<p>Yoga</p>	<p>Yoga provides many benefits to the human body and mind (please see the link below for further information). The aim of the sessions will be to promote focus, release stress, build self-esteem, and encourage happiness and a healthy lifestyle.</p>
