

Ikea Pax Wardrobe – 50€

Due to slight problem with measuring, it seems the IKEA Pax wardrobe will not fit into our new apartment. It's H2.36m x d0.79m x w0.58m, it has two rails and a shelf. Along the side it has hooks that you can hang belts and ties on. It is less than 3 years old. We think the colour is WENGE, but we're not sure, maybe it's a bit lighter. I've put in an out of focus picture as well, so that you can see the top properly.

White cupboard – 10€

A white kitchen cupboard. It has an open area, a slide out shelf, a drawer and two shelves inside. w62cm x h87cm x d43cm.

White bathroom cupboard – 10€

Un 'tit meuble tout bête. We've had sheets stored in it the last 3 years. It is H85cm x W40cm x D35cm. Please note that you will need to come and pick it up.
