Welcome to the ISP Parent-Teacher-Association. All ISP parents are automatically members of the PTA – no sign-up required! The PTA sponsors and facilitates activities that enrich and enhance the entire ISP community: students, faculty and staff, parents and families all benefit. For example:

• We plan and host some of the best social events & information sessions of the year (international night, welcome workshop, coffee mornings)

• We organize a network of parent volunteers who are responsible for class communication (class representatives, Grade representatives)

• We facilitate parent involvement in school activities (sports day, library assistance, drama productions, holiday bazaar, international day)

• We contribute funds to support school activities (guest speakers, school plays, graduations, staff appreciation)

• We coordinate activities, classes and a fantastic support network for parents (parent-partners, book clubs, language classes, walking tours, Yoga & Pilates, etc.)

We need you! Join us in our continued efforts to provide outstanding programs, activities and events for the entire school community.

Please volunteer at one of the many PTA-sponsored events or PTA-led projects. Your support and involvement is essential in making the ISP PTA a world-class organization. There are many opportunities to get involved that will fit into your schedule and time constraints.

Please donate to the PTA. There is no cost for PTA membership. However, we rely on voluntary contributions to fund the activities listed above, so please consider making a voluntary annual membership contribution today.

For more PTA information please visit the ISP website at www.isparis.edu.

Thank you for participating and contributing to the ISP PTA.
